LITTLE WILD SPA PARTY GUIDE

FOR A MAGICAL BIRTHDAY OR PAMPER GATHERING

Step 1: Welcome & Honouring the Birthday Child

Purpose: Begin the party with intention, connection, and gratitude.

How to:

1. Gather children and adults in a circle. Place the birthday child in the centre on a cushion or special "throne."
2. Invite everyone to share one thing they love, admire, or feel grateful for about the birthday child. (Younger children can whisper wishes into petals or draw a tiny picture.)
3. Collect petals/drawings in a special bowl or jar for the child to keep.
4. Close with a gentle blessing:
"Today we celebrate [Name] and all the magic within them. May the year ahead bring love, laughter, and little moments of wonder in every day." Happy Birthday!"

(Personally I present the cake here - everyone singing happy birthday now at the beginning. The cake can then be sliced ready to enjoy after the food or during one of the pamper rituals...we like to have it during the foot spa!!!)

Optional: play gentle music or nature sounds, sprinkle petals, or light a small candle safely.

Step 2: Flower Crown Making

Purpose: Kick off hands-on creativity and honour the child with a wearable crown of nature.

How to: If you have access to a garden, woods, or green space, this activity is a wonderful, grounding way for children to connect with nature and their own creativity.

If not, don't worry - you can adapt the ritual to suit your space and still create something magical.

Option 1: Foraged Flower Crowns

Invite the children to **forage for nature treasures** - flowers, feathers, leaves, twigs, and grasses.

Encourage them to:

- Pick only what is **plentiful and safe**
- Choose blooms **already fallen** where possible
- Leave roots and bulbs in the ground
- Gently ask permission from the plant first (a lovely ritual in itself!)

Teach them what's OK to pick and what's best admired in place. This becomes a moment of quiet respect and gentle learning. Then, using floral wire, string, or ribbon, help the children weave their treasures into a wild crown, or stick them onto the kraft crown included. You could even show them how to make natural glue using cornflower as an additional activity!

Crowns can be worn for the rest of the spa activities - the perfect symbol of magic and celebration!

Tip: Add small LED lights, dried flowers, or pressed petals for extra enchantment.

Option 2: Colour & Create Crown

No green space? No problem!

Use the included Kraft crown (or draw your own on card) and let the children decorate it with coloured pencils, stickers, pressed petals, or drawings of their dream crown.

Share the Magic & Win!

Take photos or videos to enter the Flower Crown Competition.

- What was the most magical part? - Invite each child to share their favourite moment

End with a toast (herbal tea, cucumber water, or a faerie fizz drink) Now is the time to have the party food, if having!
